

InPlast is Global Engineering own brand of PVC frame and display profiles of European quality.

PVC frame profiles protect the edges of sheet advertising materials from fracture and damage, give them durability and aesthetic appearance.

INPLAST

PVC profile

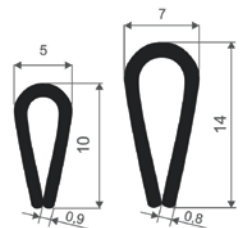

Raindrop | drop profile

Application:

For stands, signs, information boards, pictures and photos, etc...

Mounting scheme:

Insert the edges of sheet material to the drop profile. It perfectly holds and gives an aesthetic and decorative look to any dirty or roughly treated edge.

Thickness of insertion	Profile length - 3.0 m	
	Colors available on the stock	Colors on request
up to 3 mm	white, transparent, gray, black, red	other (min - 1900 pcs.)
up to 5 mm	white, transparent	other (min - 1450 pcs.)

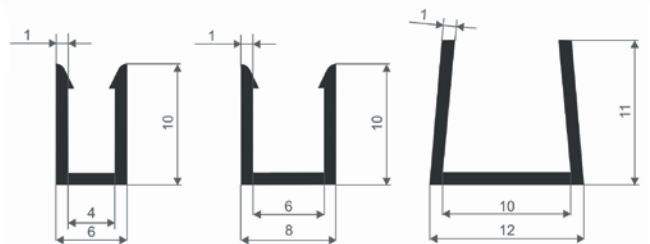

Raindrop | П-shaped profile

Application:

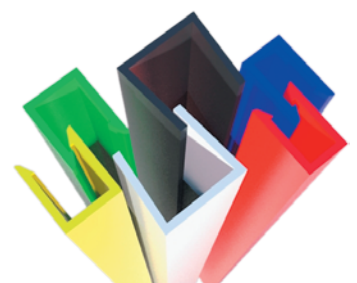

For foam board, cellular polypropylene, other plastics, etc...

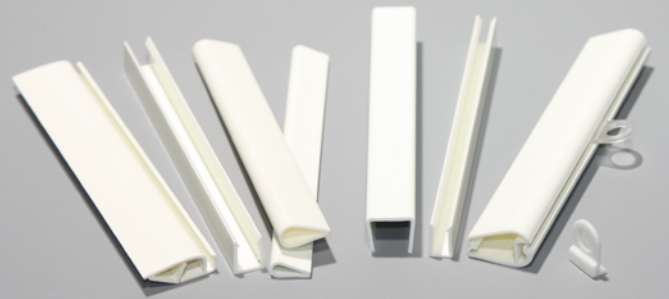

Mounting scheme:

Insert the edges of sheet material to the П-shaped profile. It perfectly holds and gives an aesthetic and decorative look to any dirty or roughly treated edge

Thickness of insertion	Profile length - 3.0 m	
	Colors available on the stock	Colors on request
up to 4 mm	white, black, red, blue	other (min - 1450 pcs.)
up to 6 mm	white	other (min - 1325 pcs.)
up to 10 mm	white	other (min - 1100 pcs.)

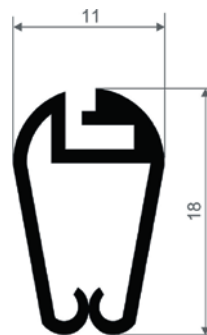

Rainclip | banner profile

Application:

For hanging thick banners, posters, samples, etc...

Mounting scheme:

Insert top and bottom edges of the advertising to the banner profile. At the expense of its own weight it stretches the advertising vertically. Use special hinges for mounting the poster on the wall or for suspending to the ceiling.

Thickness of insertion	Profile length - 3.0 m	
	Colors available on the stock	Colors on request
from 1 to 5 mm	white	other (min - 600 pcs.)

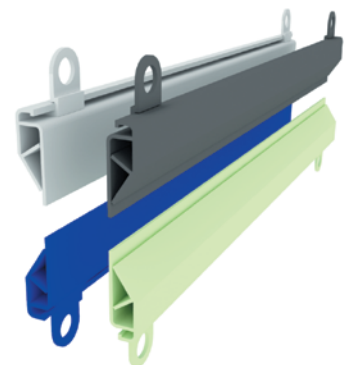

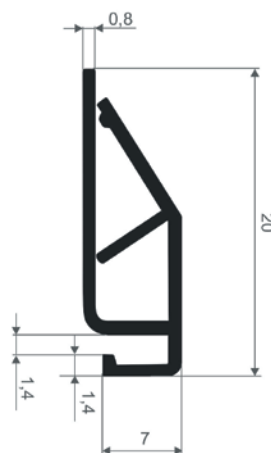

Rainclip | poster profile

Application:

For hanging thin banners, posters, samples, etc...

Mounting scheme:

Insert top and bottom edges of the advertising to the poster profile. At the expense of its own weight it stretches the advertising vertically. Use special hinges for mounting the poster on the wall or for suspending to the ceiling.

Thickness of insertion	Длина профиля- 3,0 м	
	Colors available on the stock	Colors on request
up to 1 mm	white	other (min - 900 pcs.)
